<u>I Guide to EU</u> spotlight	A new EU-funded project aims to develop economically and environmentally efficient techniques for the production of biofuels. Called NEMO ('Novel high-performance enzymes and micro-organisms for conversion of lignocellulosic biomass to bioethanol'), the initiative will generate new ways of converting agricultural and forestry waste, such as				published <u>53 (</u> <u>Proposals</u> in v areas of the S Framework Pr on 30 July 20 On 23 June

FP7 Specific Programmes

- Ideas
- People
- Capacities
- Cooperation

- Budget (2007-2011)
- € 7,5 billion
- €4,7 billion
- € 4,1 billion
- € 32,4 billion

- Euratom (2007-2011)
- Joint Research Centre (JRC)

€ 2,8 billion € 1,8 billion

FP7 Ideas

- Fundamental Research Projects
- Individual teams allowed (no consortium)
- 100% EC funding
- Managed by European Research Council (ERC)
- <u>http://cordis.europa.eu/fp7/ideas/home_en.html</u>

FP7 People (« Marie - Curie » actions)

- Researchers' career development
 - Training
 - Mobility
 - At European & international level
 - Academia Industry partnerships (IAPP projects)
- http://cordis.europa.eu/fp7/people/home_en.html

FP7 Capacities

- European Research Infrastructures
- **Regions** of Knowledge
- Research for SMEs / SME associations
 - SME benefit from R&D subcontracted

to university or research centre

International Cooperation

FP7 Cooperation

Collaborative R&D (transnational consortia) in 10 scientific areas

netwo	De Dork	ABE·BAO
enter	prise	
•	Space	€ 1,4 billion
•	Security	€ 1,4 billion
•	Socio-economic Sciences	€ 0,6 billion
•	Transport	€ 4,2 billion
•	Environment	€ 1,9 billion
•	Energy	€ 2,4 billion
	Technologies	€ 3,5 billion
•	Nanosciences, Nanotechnologies, Materials & new Productio	n
•	Information & Communication technologies	€9,1 billion
•	Food, Agriculture, Fisheries & Biotechnology	€ 1,9 b i lion
•	Health	€ 6,1 billion

Who may participate in FP7?

- Eligible participants:
 - Universities & research centres
 - Doctoral student <-> Senior researcher
 - Enterprises (focus on SMEs)
 - http://smetest.uwe.be/
 - Public bodies
 - International organisations
 - Civil Society Organisations (CSO)

. . .

Who may participate to FP7?

- Eligible countries:
 - 27 EU Member States
 - Any other country with bilateral scientific agreement
 - International Cooperation Partner Countries (ICPC):
 - -> same funding rules as EU 27
 - USA, Japan, Canada, Australia, ... :
 - -> self-funding

How to apply for FP7 funding (1)?

- Coordinator or Partner or « 3rd Party »
- Calls for proposals
 - Yearly basis publication (during summer or winter breaks!) <u>http://cordis.europa.eu/fp7/dc/index.cfm</u>
 - Thematic Work Programme revised every year
 - -> open/closed topics
 - Deadline for submitting proposals:
 - 2-stage evaluation: +/- 3 months
 - 1-stage evaluation: +/- 5 months
 - Electronic submission compulsory:

enterprise europe network

Electronic Proposal Submission System (EPSS)

How to apply for FP7 funding (2)?

Possible Constraints:

- Transnational consortia with « ...minimum 3 independent partners from 3 different member states or associated countries... »
- Type of project (« funding scheme »)
- Budget
- Duration
- International Cooperation
- SMEs, ...

High Competition -> low success rate (5% -> 40%)

Timeline

- T
- T+4 months
- T+9 months
- T+15 months
- T+<u>18</u> months

Call publication

- Call closure
 Start of Evaluation process
- End of Evaluation
 - **Start of Negociations**
 - Start of 1st projects
 - Start of last projects

Types of FP7 projects (Cooperation)

- « Funding schemes »
 - Collaborative Projects (CP)
 - Research projects
 - Specific outputs
 - Industry-academia consortia
 - Networks of Excellence (NoE)
 - Consortia of research centres
 - Networking & integration of activities
 - Coordination & Support Actions (CSA)
 - No research
- enterprise europe network
- Coordination and/or Policy support

Why participate in FP7 projects?

• Pro's

- International networking
- Costs and risk sharing
- Funding: turn an EC system into a business opportunity

· . . .

Con's

- Redtape (proposal preparation, periodic reports, ...)
- Delays (financial risk)
- Regional funding more accessible?

Possible involvment in FP7 projects

- Evaluator
- Subcontractor
- Partner (Beneficiary)
- Coordinator: ! workload + financial viability !
- Dissemination / Training
- End-user of R&D result / technology (ex: Craft/IAPP)
- Technology provider
- R&D performer

Tips for a successful FP7 project

- FP7 project must fit your strategy
- A good **coordinator** is a must (leadership)
- Core consortium made of trustful partners
- Long term preparation (read guidelines!)
- Networking
- **Consortium agreement** (IPR issues, ...)
 - ftp://ftp.cordis.europa.eu/pub/fp7/docs/checklist_en.pdf

Who can help you?

National Contact Points (NCP)

- Physical person
- "Intermediary" between EC & FP participants
- Thematic responsibilities (mirroring FP7 structure)
- <u>http://cordis.europa.eu/fp7/ncp_en.html</u>

Enterprise Europe Network

- <u>http://www.enterprise-europe-network.ec.europa.eu/index_en.htm</u>
- IPR Helpdesk

http://www.ipr-helpdesk.org/

Complementary EU Programmes

- Competitiveness & Innovation Programme (CIP)
 - Eco-Innovation (Next call expected 2nd quarter 2010) http://ec.europa.eu/environment/eco-innovation/index_en.htm
 - Intelligent Energy Europe (IEE) (Next call expected 2nd quarter 2010)

Energy Efficiency + Renewable Energy Sources

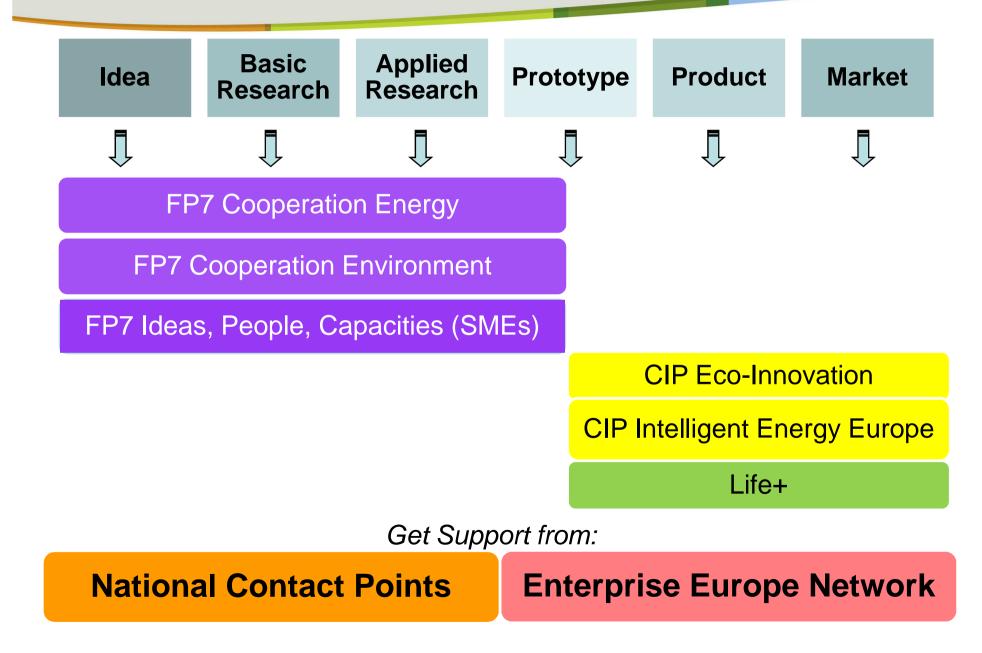

http://ec.europa.eu/energy/intelligent/

- **Life+** (Next call expected 2nd quarter 2010)
 - Nature, Biodiversity, Environment Policy & Governance,...
 - <u>http://ec.europa.eu/environment/life/funding/lifeplus.htm</u>

Complementary EU funding schemes
